

Lotusphere 2008 Keynote (OGS) Bingo!

Rules: First, PRINT ME!

Each database icon represents a rumor, possibility, historical happening at the OGS or common IBM phrase or buzzword. As you hear or experience something in the Keynote that fulfills the spirit of the description in the icon, check it off. If you check off five in a row - horizontal, vertical or diagonal, you've won! All you have to do is yell out "BINGO!"

The winner will receive prizes beyond imagination, and a possible escort from the room.

Brought to you by:

Lotusphere 2008	Keynote			Bingo!
